

# WHAT IS BETTER THAN A KING AIR ?

**R**aisbeck Engineering and Beechcraft Augsburg join forces to bring your King Air to its max. performance ! Experience more operational flexibility by increased takeoff and landing weight, more payload and shorter takeoff and landing distance. Also profit from an increased resale value and a quieter cabin.

# ... A KING AIR WITH RAISBECK EPIC UPGRADE !

	<b>King Air C90GTi + Raisbeck EPIC</b>		<b>King Air C90GTx standard</b>		<b>King Air C90GTi standard</b>	
Max. Takeoff Weight	<b>10.500 lbs</b>	<b>4.763 kg</b>	10.485 lbs	4.756 kg	10.100 lbs	4.581 kg
Max. Landing Weight	<b>9.700 lbs</b>	<b>4.400 kg</b>	9.700 lbs	4.400 kg	9.600 lbs	4.355 kg
Takeoff Distance (Max. T/O Weight)*	<b>2.110 ft</b>	<b>643 m</b>	2.560 ft	780 m	2.400 ft	731 m

Range (4 Pax)	<b>1.315 nm</b>	<b>2.435 km</b>	1.315 nm	2.435 km	1.070 nm	1.982 km

\* ISA / SL

# HOW DOES IT WORK ?

**Turbofan Power Props**

**Ram Air Recovery System**

**Enhanced Performance Leading Edges**

**Dual Aft Body Strakes**

**Beechcraft Augsburg will replace your King Air standard parts by Raisbeck components:**

**Raisbeck EPIC Kit:** For C90 - C90GTi series. Installation of Power Props + Dual Aft Body Strakes for more stability during the flight and shorter takeoff and landing distances, including gross weight increase.

**Raisbeck EPIC Platin Kit:** For 200 - B200GT series all 4 Raisbeck components are installed: Power Props, Ram Air Recovery System, Leading Edges + Dual Aft Body Strakes. Enjoy shorter takeoff and landing distances and - most of all - a higher cruise speed !

Both upgrades also reduce the cabin noise due to a lower propeller rpm.

# WHERE DO I GET THE UPGRADE ?

## Beechcraft
